POLICIES; HEALTH RELEASE; MEDIA RELEASE

Please carefully read each statement below. You'll be asked to initial each section using your mouse or touch screen, and to sign and date the document before you Submit. Signatures and items with an asterisk " * " are REQUIRED

Medication at Camp

Prior to camp, you will receive a medication form. You will be able to provide specific details on how and when to administer medication. The policy regarding medication is as follows: · Keep all medication in its original pharmacy labeled bottle or its original over-the-counter packaging. The medical staff will not dispense any medications not in its original container. This policy includes vitamins and herbs. · Place medication bottle or original over-the-counter package in a labeled Ziploc bag. · Include the medication form in the Ziploc bag with the medication needed for the week. · Bring your medication with the form on the first day of camp.

Special Information or Medical Needs

To help give the best care for your child, please provide detailed written instructions for any special medical needs beyond the information you provided on the Online form. If there is special information or routines for your child that absolutely must be adhered to, please contact our office at 913-638-6823 to discuss prior to the Event. We will make every effort to accommodate each child, but we need appropriate time for setting up special requests.

Special Diets

If your child requires a special diet beyond the information you provided on the Online form, please detail this in a statement and attach it. You will be required to bring your own food for lunch and snacks daily.

Behavior Issues

Children with a diagnosed behavior related disorder will be treated with care and respect as with all campers. All behavior issues at camp are dealt with in the following manner: · At first offense, the camper will discuss his or her behavior with their group staff leader and with their camp buddy. The three will discuss alternative behaviors that are appropriate. · At second offense, the camper, group staff leader and camp buddy will discuss the offense with the Camp Director and appropriate consequences will be initiated, such as withholding a favorite activity for one activity period. · At third offense, the camper, group staff leader and camp buddy will report to the Camp Director for discussion and appropriate consequences will be initiated. (This is equivalent to being sent to the school principal.) Champions Special Ministries will send the child home if it is deemed that the child is being a danger to self or others. Discipline is done through discussion and redirecting. It is a last resort to send a child home. · In no situation are physical measures utilized for consequences. Absolutely no spanking, slapping or other physical contact is ever used by anyone at camp for discipline.

Behavior Disorders

The camper with a diagnosed behavior disorder will always be treated with measures that are safe and respectful for the camper's best interest. However, if the child has an outburst that causes danger to self or others, more stringent methods of control will be initiated. In all situations involving a "meltdown," the first steps taken are assisting the child to regain control through calm talking and giving the child space. If after several minutes these methods do not produce a safe demeanor in the child, the next step is assessing the situation and removing the child from the group. Parents are notified of unacceptable behavior.

Phone Usage

Campers are not allowed to use phones during camp hours. Most campers do well at camp, but calling home can initiate a wave of homesickness.

Medical Emergencies

If a medical emergency occurs, parents or guardians will be notified as soon as possible. If a situation requires that a camper be taken to a hospital emergency room, the hospital staff will often contact the parent for information. Every effort will be made to contact the parent or guardian prior to the emergency staff contacting you. It is your responsibility to provide the necessary contact information while your child is at camp.

Cancellations

If your child will not be able to attend the event in which they are enrolled, you must notify Champions Special Ministries immediately.

Policies - Initial *

I have carefully read and understand the above Champions Special Ministries Inc. policies. I agree with the policies and will inform my camper of the rules and policies of camp. (Initial with your mouse or touchscreen.)
